To Whom It May Concern:

It is with great pleasure that I recommend Mr. Tom Farin, President of Pegasus Associates Lighting.

We have had the opportunity to work with Mr. Farin on upgrading the lighting system in our Museum galleries. We found him to be creative, extremely efficient, deeply conscientious and professional in discussing the various needs of our museum lighting.

His willingness to cooperate with us on our request was refreshing and made the decision making process much easier for all concerned.

Our new lighting system is professionally effective and aesthetically beautiful. We received compliments from both visitors and members on an ongoing basis.

Again, it is without hesitation that I highly recommend Mr. Farin and Pegasus Associates Lighting.
